McAfee Initiative to Fight Cybercrime
Grants Application, continued

Grant Application Guidelines

The completed application should be no longer than six pages in length.

Applications must include the following:

1. A brief description of your institution or organization, including mission statement
2. Current programs, projects, and accomplishments in the area of fighting, researching, or educating about cybercrime or similar issues
3. Current geographic areas served
4. Brief description of target population(s) currently served
5. Description of your proposed project, including the following items:
 - Goals and scope of the project
 - Major cybercrime issues your project addresses
 - Target geographic areas and population groups addressed by project
 - Key anticipated outcomes or impacts of the project for which funds are being requested
 - Timeline
 - Metrics for results, including indicators or measures that will be used to track progress toward the outcome(s) or impacts
 - Project responsibilities and qualifications of the individuals working on the project
6. What is your overall organization/institutional budget?
7. Include a projected line-item project budget. (If the request is for operating expenses, to which expense will the funds be targeted?)
8. Describe how project's impact can be replicated in other regions or with other population groups
9. If U.S.-based, include a copy of your 501(c)(3) designation (not required for public schools). If not U.S.-based, we will follow up to request additional information as required by the U.S. Government if your program is selected to receive grant funding.
