

The holidays just got More Hackable

Hackable Gifts under the tree this year?

According to a recent McAfee global survey...

**This year, internet-connected devices
are more popular gifts than ever.**

**Keep the holiday cheer by
protecting your new connected
gifts right from the start.**

**PIN protect
the device
(54% do!)**

**Use a
password
manager
(34% do!)**

**Act on
software
update alerts
(45% do!)**

**Purchase
antivirus software
(41% do!)**

McAfee commissioned MSI-ACI to conduct a global survey in September and October 2017.
