

# McAfee Advanced Threat Defense Essentials

## McAfee® Education Services eLearning Course

The McAfee® Advanced Threat Defense 4.0 Essentials course provides an introduction to the McAfee Advanced Threat Defense product and its integration with McAfee® Network Security Platform and McAfee® Web Gateway.

### Audience

---

System and network administrators, security personnel, auditors, and/or consultants concerned with network and system security should take this course.

### Recommended Pre-Work

---

It is recommended that the students have a working knowledge of Microsoft Windows administration, system administration concepts, a basic understanding of computer security concepts, and a general understanding of managing remote clients from a central location.

### Learn More

---
