

McAfee Data Loss Prevention Prevent 10 Essentials

McAfee® Education Services eLearning Course

The McAfee® Data Loss Prevention Prevent (McAfee DLP Prevent) 10 Essentials course from McAfee Education Services provides attendees with hands-on training on the design, setup, configuration, and management of this application. In addition, students will understand how to effectively implement the application in a complex enterprise.

Audience

System and network administrators, security and support personnel, auditors, and/or consultants concerned with network and system security should take this course.

Recommended Pre-Work

Students need a working knowledge of Microsoft Windows administration, system administration concepts, an understanding of computer security concepts, and a general understanding of networking.
