

# McAfee Drive Encryption Administration

## McAfee® Education Services Instructor-Led Training

The McAfee® Drive Encryption Administration course from McAfee Education Services provides attendees with hands-on training on the design, setup, configuration, and management of this application. In addition, students will understand how to effectively implement the software in a complex enterprise.

### Audience

---

System and network administrators, security personnel, auditors, and/or consultants concerned with network and system security should take this course.

### Recommended Pre-Work

---

It is recommended that students have a working knowledge of Microsoft Windows administration, system administration concepts, a basic understanding of computer security concepts, and a general understanding of Internet services.

---

### Course Goals

- Install and deploy McAfee Drive Encryption.
- Configure and administer McAfee Drive Encryption.
- Recover encrypted drives and troubleshoot issues.

---
