

McAfee Investigator 1.1 Product Overview

McAfee® Education Services eLearning Course

The McAfee® Investigator 1.1 Product Overview course is a self-paced, eLearning course that provides foundation level information on product installation, configuration and usability. This is not intended to be an in-depth training experience.

Audience

System and network administrators, security personnel, auditors, and/or consultants concerned with network and system security should take this course.

Recommended Pre-Work

It is recommended that students have a working knowledge of Microsoft Windows administration, system administration concepts, a basic understanding of computer security concepts, and a general understanding of internet services.

Learn More

To order, or for further information, please email SecurityEducation@mcafee.com.
