

McAfee Enterprise Sub-Processors

Third-Party Services used by McAfee

McAfee uses third-party companies and services to assist in providing McAfee’s services. These third parties may receive personal data from McAfee. Third parties who receive personal data from McAfee agree the personal data will be used for processing activities carried out (i) on behalf of McAfee customers; (ii) in accordance with customer instructions as communicated by McAfee; and (iii) in accordance with the terms of a written contract between McAfee and the third party. In addition to the third parties below, McAfee may share data between its affiliates.
